

Worship Preview

FALL 2026 • SEPTEMBER – NOVEMBER

A Season of Creation

This fall we will be following a series on Season of Creation using materials provided by the Leader magazine. During these five Sundays, our scripture readings will be from the Sermon on the Mount. The worship services will focus on our relationship with God, with God's creation and with each other through gratitude for abundance, honouring covenants, lament and healing, wonder and trust, and praising with celebration. On the other weeks, our worship services will include Sundays with a special focus.

Worship Sundays
